Education

Year	Degree/Examination	Institution/Board	CGPA/Percentage
2021	Bachelor of Technology	SAM College Of Engineering & Technology, Gram Agariya Chopra, Road, Bhopal	78.0%
2017	Intermediate (Class XII)	Indrapati Yadav Dhanpati Devi Kanya Inter College, Jangle Babban, Campiarganj, Gorakhpur	78.6%
2015	Matriculation (Class X)	Indrapati Yadav Dhanpati Devi Kanya Inter College, Jangle Babban, Campiarganj, Gorakhpur	82.67%

Internship and Certifications

Newton School | Newton School Coding Bootcamp Internship

December 2021 - June 2022

- Full Stack Web Development with problem solving
- Technical Stack Learn- Java, HTML, CSS, JavaScript, React, Node.js, Express.js, MySQL and MongoDB
- Gained hands-on experience in MERN Stack by creating Flipkart-Clone and applications
- Solved 300+ Data-structures and Algorithms problems across multiple online judges
- Participated in pair programming sessions and code reviews to enhance teamwork and collaboration skills

Projects

My-Portfolio | Newton School ([link](#))

March 2023 - April 2023

Features

- I have created a fully responsive portfolio website for the frontend. It is designed to be accessible and visually appealing on various devices, including mobile, laptops, and large screens.
- On the website, I have included links to my project repositories on GitHub and my LinkedIn profile.
- I have added a live chat contact bar to my website.

Tech Used : React.JS, Github & Netlify.

Description : Recruiters can view my profile and connect with me on LinkedIn and Gmail. Additionally, I will provide a live chat contact bar for instant communication.

MOVIX(MoviesInformation-WebApp) | Newton School ([link](#))

February 2023 - March 2023

Features

- Implement an infinite scrolling bar that dynamically loads more content as the user scrolls down the page, creating a fully responsive website.
- I am creating a website that displays movies and TV shows based on daily and weekly schedules. I want to provide users with multiple options to explore and interact with the content.

Tech Used : React.JS , Redux, Github & Netlify

Description : This is a Frontend Movies Information(MOVIX) website that enables users to view, watched the trailer for the movie and gathered accurate information about it

Flipkart clone | Newton School ([link](#))

January 2023 - February 2023

Features

- Developed a secure authentication system using JSON Web to enable user authentication and authorization for accessing the website and I will use React Router DOM , Redux.
- Implemented an Database that allows authorized users to manage products, including adding, editing, and deleting products from the website

Tech Used : ExpressJs, ReactJs, MongoDB, NodeJs

Description : This is a full-stack MERN e-commerce website that enables users to view, save to cart and purchase products

Skills

Computer languages Java, C++, C, CSS, HTML, Javascript

Software Packages Express JS, React, NodeJS, MySql, Mongo DB

Additional Courses Taken Data Structure

Soft Skills Communication Skills, Teamwork

Co-Curricular Activities

- winner of college coding contest of 2019 and Participated in Cultural programs.

- I am four year group leader in NSS 2017 to 2021.

- I am selected as University Player of volleyball team from 2018-Present.

I am selected as University Player of volleyball team from 2018 Present
